6. PRICE

6.1 Suppliers must fill in the spreadsheet provided in Appendix C: Price Response Document.

6.2 The pricing mechanism will be evaluated as per the following:

The maximum mark available for Price will be 20%. This mark will be awarded to the lowest priced Potential Provider. Remaining Potential Providers will receive a mark out of this maximum mark on a pro rata basis dependent on how far they deviate from the lowest price.

The calculation that will be used to determine marks is as follows:

$$\text{Score} = \frac{\text{Lowest Tender Price}}{\text{Tender Price}} \times [20\%] \text{ (maximum mark available)}$$
